

## **ESIC HOSPITAL, PEENYA, BENGALURU**

### **Commemorating World Tuberculosis Day 2025**

The World tuberculosis day was observed on March 24th 2025 at 10.30 am in ESIC Hospital, Peenya. The Programme was held at Pulmonology/Medicine OPD around 140 Insured Persons along with beneficiaries had participated in the programme.

The Ceremony was inaugurated by Medical Superintendent, with a lightening of lamp. The programme began with a slogan of “**Tuberculosis Mukta Bharath**”, along with Deputy medical superintendent, DD Admin, Matron in charge, Nodal officer, Dietician along with Insured Persons and beneficiaries

Deputy Medical Superintendent gave talk on Tuberculosis Awareness, its detection, and importance of early treatment along with preventive measures, importance of social distancing, and highlighted the theme of World Tuberculosis Day 2025 "YES! WE CAN END TB: COMMIT, INVEST, DELIVER" and emphasized the need for sustained commitment, increased investment, and effective delivery of TB interventions to achieve the goal of ending TB by 2030.

Medical Superintendent highlighted the Key features of the TB elimination Campaign and emphasized about the crucial importance for continuation of treatment and the importance of starting early treatment which helps in averting complications along with preventing dissemination, spreading into other organs and compliance in maintaining the treatments and also urged the gathering to utilize the facilities of testing of tuberculosis and get treated early so that they can contribute in TB Mukth Bharth, the efforts of the staff members were also praised.

Following the Talk, small walkathon was arranged in view of TB awareness in the hospital premises and in front of the hospital to spread the awareness
